## FURTHER INFORMATION

I also collaborate with Istituto Neurologico Besta, Milan, Italy as a resident consultant for patients with neurological symptoms in the context of neurological disorders and for patients with unexplained neurological symptoms (e.g. conversion and somatisation disorders) and psychiatric symptoms where an organic cause is suspected.

I was co-researcher for three years of the GET UP program: Genetics, Endophenotypes, Treatment: Understanding early Psychosis.

I am co-researcher of the European Multicenter Post-Market Clinical Follow-up Study "Reclaim Deep Brain Stimulation Therapy for Obsessive-Compulsive Disorder" (OCD PMCF)."
